WOLFRACE FITMENT GUIDE

The most important and useful part of the Wolfrace website is our extremely popular Fitment Guide. All you need to know is the make, model and year of manufacture of your vehicle and size of wheels required and you will be able to view which alloys suit your vehicle this also shows a recommended tyre size. The filters at the top of the online guide give you filter options by colour, size, brand, width and diameter.

But to keep it simple with regard to the fitment guide which is on the landing page of www.wolfrace.com just enter your car make,model and size required.

For example make=ford,model=transit,size=15",size can be found using the last 2 digits of your tyre size. So if you have 195/65/15 the size is 15". You have added options such as filter wheels with a 5 year warranty, unique to Wolfrace Wheels, or use our winter tab for a full range of winter wheels. Use the trade tab, to enter the trade website to view all the above plus trade prices, offers and much more!

FITMENT RESULTS

Once you have all the wheels displayed, click on the wheel image to view the wheel on a car, see more images, see the weight of the wheel. Use the e-mail tab if the wheel you require is out of stock to get a delivery date. Use the "Find a dealer tab" to find your nearest Wolfrace Dealer!

Fulfilment categories are currently;

Warehouse (1-3 days) - this is stock in the UK, ready to go.

Drilling (5-10 days) - this is stock in the UK that requires drilling before despatch.

Factory - this is stock in our German warehouse.

WELCOME TO WOLFRACE

The Wolfrace brand was created in 1971 with the launch of the Slot Mag alloy wheel. Always innovative, Wolfrace Wheels (UK) Limited was the first European company to launch a polished alloy wheel into the market place. Throughout 46 years of history Wolfrace has been synonymous with high quality, affordable, industry leading fashion conscious products, ranging from (in the early days) classic alloy wheels and vehicle racing seats, to the current range of stylish alloys and automotive accessories - not forgetting our Wolfrace Insurance products.

Always at the forefront of manufacturing and quality control standards, currently Wolfrace is the only UK based aftermarket alloy wheel brand able to offer a 5 year warranty on some of our standard finish alloy wheels.

Wolfrace are the UK distributors of Wolf Design, ATS, CARRE and Alutec wheels and Ellis accessories.

ROAD

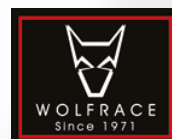

We have a wide range of alloy wheels suitable for everyday road use from subtle o.e style to head turning black and polished designs.

TRACK

Our Wolfrace TrackReady alloys are proven on the track in various race formula.

LUXURY

Choose Wolf Design alloy wheels for your luxury vehicle. Perfect for Range Rover, BMW, Bentley and Audi amongst others.

WOLFRACE FITMENT GUIDE

Find out which Wolfrace alloy wheel will fit your car in four easy steps. The Fitment Guide searches available stock in the UK and in our European warehouse. It will also provide accessory and tyre size information. Go to: <http://www.wolfrace.com/fitmentguide> now.

BE PREPARED FOR WINTER

Be prepared for winter with the UK's largest range of winter wheels. Alloy wheels in a wide range of sizes from 14" to 22" are available for most vehicles including SUV's and vans. Our range of winter alloys includes designs from the Wolfrace Eurosport, GB, TrackReady collections as well as wheels from the Alutec and ATS ranges.

Our wheels have up to five years warranty: Selected wheels are made to the exact manufacturers specifications - we also have designs that are run-flat compatible including X10, M10, W10.

TUV approved Wolfrace GB, Wolfrace GB-Classic, Alutec and ATS wheel ranges. Several wheels accept original equipment centre cap. Run-flat compatible wheels (EH2+) now available for selected vehicles.

**SEE HOW WOLFRACE WHEELS
WILL LOOK ON YOUR CAR!**

Go to <http://www.wolfrace.com/wheelsimulator>, upload your picture, choose your wheels, save the image and share it on Facebook.

WOLFRACE EUROSPORT

Our design-lead range of alloy wheels continues to go from strength to strength and contains several of our best selling wheels such as Assassin GT, Assassin, Turismo and Munich – many are also weight loaded for commercial vehicles such as VW Transporter T6 and Vauxhall Vivaro vans. Choose Wolfrace Eurosport if you want to stand out in the crowd. Size range 15inch to 22inch.

WOLFRACE CUSTOM DRILLING – COMPLETE FITMENT COVERAGE

CFC – COMPLETE FITMENT COVERAGE

Many new Wolfrace alloy wheels are now ordered as blank PCD – this means they have not been drilled to suit a specific vehicle. Our drilling machines allow us to custom drill blank wheels to custom fitments, in most cases we can adjust PCD (stud pattern) offset and centre bore. This means that if your vehicle can accept the wheel size and offset, all wheels on these pages can be drilled to suit your car.

Wolfrace are the exclusive UK distributors of Ellis wheel accessories

Wolfrace Approved Accessories

Wolfrace fitting kits - include only the best wheel accessories available in Europe. Our wheel nuts and bolts all have European TUV certification.

Black locking wheel nuts or bolts - available for most applications.

Security Accessory Upgrade - upgrade your wheel purchase, ask your dealer for our security upgrade including lock nuts and bolts.

Branded valve dust caps and chrome valves - the finishing touch!

Wheel spacers - a wide range of hub centric spacers are available in various sizes to suit Wolfrace wheels. Please enquire.

The range of Wolfrace accessories now available has expanded to include various safety items as well as our standard alloy wheel accessories. Essential items such as our locking wheel nuts or bolts are a must-have for anyone purchasing Wolfrace wheels, they are the most cost effective and easy to use deterrent for any would-be alloy wheel thieves.

WEAR WOLF CLOTHING

The new Wear Wolf clothing range is available to purchase by sending an email enquiry to sales@wolfrace.co.uk

Items in the new range include a Polo Shirt and Fleece - both with high quality logo embroidery.

Wolfrace is the exclusive distributors of Alutec alloy wheels in the UK. The Alutec brand was launched in Germany in 1996 and has since become one of the most well-known brands in the country. Like ATS and Wolfrace GB, all Alutec wheels are TUV approved and are complete with up to five years warranty. Alutec wheels are also used in various Drift formula. Includes Shark, Grip, and Monster. Size range 14inch to 20inch.

Wolfrace is the exclusive distributor of ATS alloy wheels in the UK. The ATS brand has a long history of participation in motorsport from running their own F1 team in the 1980's to the current supply of alloy wheels to the FIA European Championship, Scirocco R Cup and the ATS Formel 3 Cup. ATS produce high-quality alloy wheels for both motorsports and for normal road use including forged and cast wheels. Specialist fitments for cars such as Porsche, Ferrari and Lamborghini are covered. Size range 15inch to 20inch.
