BE PREPARED FOR WINTER

Be prepared for winter with the UK's largest range of winter wheels. Made in a wide range of sizes available for most vehicles (including SUVs and vans) our range of winter alloys includes designs from the Wolfrace Eurosport, GB and TrackReady collections as well as wheels from the Explorer and Wolf Design ranges. Our range includes selected wheels which are made to the exact manufacturer's specifications and many TUV approved GB winter wheels accept the original equipment centre cap. Run-flat compatible wheels (EH2+) are also now available.

CFC – COMPLETE FITMENT COVERAGE

Selected Wolfrace wheels are manufactured as blank PCD – this means they have not been drilled to suit a specific vehicle. Our drilling machines allow us to custom drill blank wheels to custom fitments, in most cases we can adjust PCD (stud pattern) offset and centre bore. This means that if your vehicle can accept the wheel size, we can offer a wheel to suit.

*All wheels listed outside of the Sprinter/Transit wheel collection will fit VW T5/6.
All CFC wheels are suitable for the above, plus Vauxhall Vivaro/Nissan Primastar/Renault Trafic as well as selected Wolfrace GB wheels. Any commercial vehicle not listed please call, we have fitments for Motorhomes/Campers, light vans and all other popular fitments.
